Cool Breeze RC 12

Phaesun Ceiling Fans are high efficiency DC ceiling fans. Thanks to a thermal bridge concept Phaesun Ceiling Fans for direct current outclass AC fans by a factor of 4 to 6 in consumption and competing DC fans by more than a factor of 2 when comparing the same air performance in the medium speed range.

Features:

- 3 metal blades, white finish
- Input 12 V with remote control
- 6 speed, rpm 240
